

**N**aipunnya International is a name synonymous with Employment, Training & Overseas Education. In addition to job recruitments and overseas student recruitments, Naipunnya International has a unique Language Academy which conducts training in various foreign languages under one roof.

We have classified the various levels of the language training in accordance with the 'Common European Framework of Reference for Language Learning and Teaching'. With the experience of running the foreign languages course from 2004 onwards; we have a strong system and process in place for the training.

We have foreign faculty members who will run the training course along with Indian teachers of the respective foreign languages. We also have some tie-up with Language Training Institutions in Europe, in order to facilitate further levels of language learning, if needed.

At Naipunnya Language Academy you can have quality language learning experience.
